The Mail Boss Curbside locking mailbox delivers ultimate mail security and protects you from the epidemic of mail-identity theft. With heavy-gauge galvanized welded steel construction and stainless steel hinges. The Mail Boss is a Postmaster General Approved mail fortress! An exclusive patented anti-pry latch locking mechanism prevents leveraged entry, so unlike other locking mailboxes, the Mail Boss can't be easily pried open by would-be identity thieves. With the patented Fast-Trak® Mounting Plate, you can quickly and easily install your high-security mailbox on an existing post, platform or gang plank.
